OKLAHOMA GOVERNOR FACES IMPEACHMENT TRIAL

Girl Dragged From Home By Negro Convict

PARCHMAN, Miss., Dec. 29—(U.P.)—Posses with bloodhounds searched the delta region of northwestern Mississippi today for a middle-aged negro convict who murdered with a hammer, butcher knife and ice pick a state prison guard early yesterday and kidnaped his 18 year old daughter, a beauty prize winner.

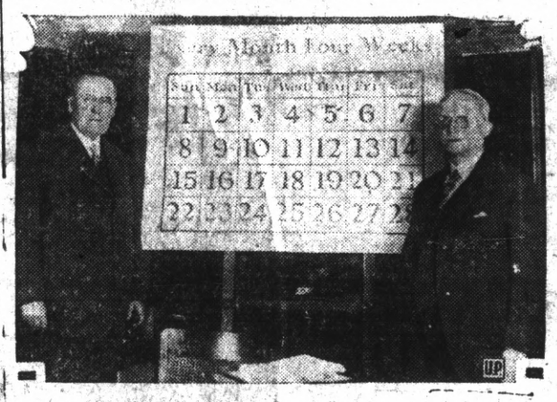

The girl, Ruth Duvall, tottered back to the prison camp today after 24 hours in the hands of the negro, bruised, clothes tattered and mind shocked. Doctors strove to calm her hysteria.

Search for the negro, Charles Shepherd 41, evolved into one of the greatest man hunts in the history of the state. Every stretch of woodland was being covered through a wide area by men with guns and dogs on leash.

A cordon thrown about the vicinity of the prison farm closed in this afternoon and it was apparent the negro had succeeded in

New Calendar

GEORGE EASTMAN (left) millionaire camera manufacturer, appeared before the Foreign Relations committee of the House to urge passage of a bill proposing a 13 month calendar with every month uniform. Eastman is here talking over the plan with Representative Stephen Porter, chairman of the committee.

NEW HOPE IN ENGLAND AS KING GAINS

By KEITH JONES

LONDON, Dec. 29—UP— Renewed optimism was felt tonight over the king's condition when the evening bulletin said his improvement continued, and that no morning bulletin would be issued tomorrow.

The bulletin, timed 8:15 p. m. said:

"The king had a quiet day. The slow improvement noted this morning continues. No bulletin will be issued until tomorrow evening."

The evening bulletin yesterday, signed by the physicians indicated that the king had a "restful day and that the slight improvement is maintained."

It was authoritatively stated that the new measures were contemplated in treating the king's illness, embracing a new course of medical treatment. Contrary to reports circulated, blood transfusion had not been considered, it was added.

Dakin's solution, a wound sterilizer, will be used by physicians to treat the local condition at the right side of the base of the king's chest.

The solution was rushed here from the United States on the White Star liner Olympic and a king's messenger brought it here from Southampton yesterday when the Olympic docked.

An official statement issued at the palace, with reference to the package containing the sterilant, said:

"The package contained a preparation known as Dakin's solution, used in the sterilization of wounds. The solution can be made in several ways, but in the United States the electrolytic process is favored. Dr. O'Neill Sherman of the Carnegie Steel company of Pittsburgh, Pa., kindly suggested sending a supply for treatment of the king. The offer was gratefully accepted."

Swiss Head For One Year

SWITZERLAND chooses its executive head for only one year terms. The latest portrait of Robert Haab, the choice for 1929.

Capitol Probe Will Be Asked Enemies Assert

OKLAHOMA CITY, Okla., Dec. 29—(U.P.)—A move to impeach Gov. Henry S. Johnston and investigate the state capitol from from "top to bottom" was gaining strength tonight with reports that administration opponents were arranging for an organization conference over the week-end.

Allen Street, representative from Oklahoma City, who will be the next speaker of the Oklahoma house, said tonight he had been invited to meet with administration opponents and discuss appointment of committees. These committees would be either a committee on committees, an innovation for Oklahoma, or the committee on investigation which the "antis" seek to control.

The organization conference is said to be sponsored by the "Irrecocilables," H. Tom Knight, of Roger county; Charles Moon, of Muskagee and John Head of McCurtain county.

During the early part of this year, Governor Johnston and a legislature that sought to impeach him fought bitterly for weeks with Johnston the winner. His opponents charge him with incompetency and with taking orders from a "kitchen cabinet."

Experts Report On Dam Collapse Soon

A report on the findings of the board of engineers named to investigate the cause of the collapse of the Lafayette dam and discover whether repairs can be safely made is expected to be made in the near future, according to a statement yesterday from the offices of the East Bay Utility district.

The findings of the engineers, the statement declared, will embody recommendations to what the district's policy should be toward this structure.

The investigating engineers have caused extensive foundation tests to be made by borings and it is understood that these generally confirm the discoveries made in an iitial survey of the dam.

Three months ago the crest of the dam dropped more than 20 feet as the structure was nearing completion and forced suspension of activities.

AFGHANISTAN REBELS RETREAT FROM CAPITAL

KABUL, Afghanistan, Dec. 26—(Delayed wireless dispatch to the United Press)—The revolting tribes which had laid siege to Kabul have been driven off and retreated to Kohistan in the north, on Tuesday, Dec. 25.

The rebels who conducted the uprising as a protest against the modernization program of King Amanullah were driven from the capital by troops led by the king's brother in-law.

It was said in official circles here that matters were progressing rapidly toward a peaceful settlement of the revolt.

King Amanullah has remained in the city during the entire rebellion and government troops continued faithful to the established regime.

The above dispatch received from the United Press correspondent at Kabul, was the first press dispatch to reach the outside world from the Afghan capital in a fortnight.

Girard's message discounted reports that King Amanullah had agreed to abdicate in favor of his 16-year old son, that the army had deserted, and that King Amanullah had fled to Kandahar.

Final Tribute Paid To Henry J. Curry

MARTINEZ, Dec. 29—Funeral services were held this morning from St. Catherine's church for Henry J. Curry, 63, former county coroner and Martinez undertaker, who was found dead in his offices here Monday.

City and county authorities and business men formed an escort of honor and persons from all walks of life attended the services. The funeral was one of the largest held in Martinez.

Lifelong friends, officials and men with who mhe had been associated in business were included among the honorary pallbearers. They were J. E. Rodgers, R. B. Borland, A. J. McMahon, George R. Fletcher, Robert Wallace, E. M. Downer, Michael Sullivan, Ed. Netherton, Thomas Duane, E. J. Burns, J. Mahoney, W. A. Rugg, Leo F. Tormey, J. E. Colton, Lee D. Dindrem, T. D. Johnston, R. L. Boyer, Supervisor C. H. Hayden, James Guthrie, Frank Prosser, William H. George, Frank Milliff, Gus Weiss, Ralph Harrison and J. J. Anderson.

The active pallbearers were R. L. McNamara, Herbert Dunkel, Anthony Reggiardo, Harvey Rose, Thomas Fernandez, Walter Baxter, James McClellan and L. W. Brison.

DEATH CALLS CHARLES PARRY

Charles Parry, 149 Richmond avenue, passed away in an Oakland hospital last night following a long illness.

Deceased had made his home here for a number of years and was well known in this district. He was an employe of the Standard Oil company.

He leaves a sister, Mrs. E. McDewitt, 2048 Powell street, San Francisco. The body is at the Truman undertaking parlors in Oakland pending funeral services.

Mass Of Flames Falling In Bay Explained By Boy

MARTINEZ, Dec. 29—The mystery surrounding the mass of flames that plunged into the Carquinez straits Monday night before the puzzled eyes of passengers on the ferryboat Solano, has been solved.

Postmaster Theodore Rueger of Benicia said today that a small boy had let loose a home-made balloon equipped with a lighted wick. The bag caught fire and was seen by the passengers as it dropped into the water near Army Point.

Some of the passengers thought that the mass was a burning plane. Still others offered the conjecture that it might have been a sky rocket.

Shell Company To Change Name

On and after tomorrow, the Shell company of California, the name that has designated the concern's California business since establishment, will cease to exist and the corporation will assume the name of the Shell Oil company, according to an announcement made through the Martinez office of the concern yesterday.

The change in name was decided upon to meet the general application by the public and also to get the word "oil" in the title to designate more significantly the corporation's business.

The new name will also conform to laws of some states that require a firm's title to express the nature of the concern's business.

PITTSBURG TO DELAY ELECTION

PITTSBURG, Dec. 29.—Action on a proposed bond issue to provide funds for the improvement of the city water supply system, fire and police alarm box installations and the betterments at the city park, was delayed by the local city council last night until Jan. 3.

It is understood that the council has studied the improvements with a view of paring down the burden of expenses wherever possible. The figures submitted as a guide estimate the cost of water department equipment at $126,000, park improvements at $25,000, alarm system $8900 and $44,000 additional for construction of a new water storage tank and performing additional work in the water department.

Contestants Drone On In Talking Race

NEW YORK, Dec. 29—(U.P.)—The world's silliest spectacle droned ahead on its weary way tonight, with eight people emitting meaningless sounds from aching throats in Prof. Milton Crandall's "talk marathon."

Dr. Crandall has promised to reward the winner with $1000 tonight, but there was a suspicion that he might let it continue in the hope that enough people would be attracted to the spectacle to enable him to get his $1000 back.

The contest neared its conclusion in the Star Dancing Academy, near Broadway ad 42nd. St., where Dr. Cradall caused it to be moved from the 71st Regimental armory further up town where it started on Tuesday.

12 Bombs Found In Vespucci Palace

MILAN, Italy, Dec. 29—(U.P.)—Twelve bombs were discovered in the basement of the Vespucci palace, seat of the archbishopric, it was announced by police today. Two of the bombs were discovered yesterday. One was charged with six tubes of nitro-glycerine.

The first bomb was discovered by a laborer and police unearthed a second nearby. Additional search uncovered ten more.

The first bomb, charged with the nitro-glycerine, was discovered at 6:30 a. m. and a timing device on it indicated that it was set to explode at 7 a. m.

Police said they definitely established that the bombs were intended to destroy the palace and the archbishop's house, and probably the person of the archbishop, Cardinal Eugenio Tosi.

District Held Liable In Water Diversion

MARTINEZ, Dec. 29—Superior Judge A. B. McKenzie in a written opinion filed here today expressed the belief that the East Bay Municipal Utility district is liable for damages for stoppage of flow of water from a spring on the Frank Teiche ranch near Orinda Park. The opinion was filed in proceedings in a $25,000 damage suit that Teiche has had pending against the Utility district since March, 1927.

Construction of the Claremont tunnel of the Utility district, Teiche claims, tapped the strata that fed the spring on his property and entirely diverted the water flow. Prior to the building of the tunnel through neighboring property, Teiche contends, the flow from the spring was 2000 gallons daily which he used for gardening, stock and domestic purposes.

The court's opinion was rendered in a demurrer to the suit and declares that there is "no question about the defendant being liable in damages."

That a settlement of the suit out of court will be attempted was indicated here today.

Supervisors To Appoint Doctor

MARTINEZ, Dec. 29— Dr. G. L. Coates, Jr., of Martinez has been recommended to the board of supervisors for the appointment as house surgeon at the Contra Costa county hospital. The recommendation was made by Dr. E. W. Merrithew, county surgeon to fill the vacancy created by the resignation of Dr. H. D. Buckman. The vacancy is expected to be filled by the supervisors at their January meeting.

Match King Dies In Canyon City

CANYON CITY, Colo., Dec. 29—UP—Gilbert C. Landis, 60, of Camden, N. J., son of the founder of the first match factory in the United States and himself an official of the Empire Zinc company for many years, died in a hospital here today. He came here last summer to do work at the Canyon City plant of the zinc company. In October, he was forced to his bed with an ailment that resulted in his death. Landis invented an electric furnace now in general use in this country. The match factory owned by his father was established at Barberton, Ohio.

Coroner Wilson Presides Over Three Inquests

Three inquests were conducted here yesterday by Coroner Aubrey Wilson.

"Death due to shock and hemorrage from gun shot wounds, accidental", was the verdict of the jury in the inquest into the death of Thomas Fleming. Fleming was instantly killed when a shot gun was accidentally discharged while he was duck hunting on the bay near here several weeks ago.

Louise Jiminez met her death through natural causes, contributory cause pneumonia, the jury decided.

Mrs. Alexandria Wilcox died from natural causes, contributory cause heart disease, the jury decided. Mrs. Wilcox was found dead in her home Christmas day.

Key Car Lines Here To Receive Numbers

Ten Key System street car lines will receive numeral designations on the first of the year, it was announced yesterday by A. J. Lundborg, president of the Key System Transit company. The giving of numeral markers to all street car lines is a policy of the new Key System management and was recently announced by the company when a number of the car lies heretofore known by letter designations received numeral markers. According to Lundberg, the ten lines to have new route number boxes an signs installed on them have never before had any such kind of designation or marker. Local lines to receive numbers are the Sixth street line in Richmond, number 28; the Twenty third and Macdonald line, number 29.

Woman Sought In Oil Stock Swindle

At least $60,000 of Contra Costa county oil workers' money has been lost through the activities of Robert L. Thomas, Oakland stock and bond broker, according to reports made public yesterday by the Oakland police.

Police are searching for a Los Angeles woman whom they believe can tell them much about Thomas' history and why he suddenly, as police claim, "went wrong" five months ago. Up until that time Thomas appeared prosperous and his deals were "straight" police believe. When the woman appeared police declare his affairs rapidly became involved.

The state corporation commission is seeking Thomas on a charge of violating the state blue sky law and for representing himself as a member of the San Francisco stock exchange.

According to the police Thomas' "racket" was to visit employes of Contra Costa oil works and talk Standard Oil stockholders into investing their stocks to cover margins on market speculations. When they were wiped out, Thomas disappeared.

A number of Richmond persons are believed to have lost large sums in the swindle.

Australia Cargo Loaded At Wharf

The General Steamship company freighter, Innesmoor will load a cargo of petroleum products over the week-end at the Parr-Richmond Terminal corporation wharves. The ship is bound for Australia.

REV. FORMAN VISITS

Rev. George Forman of the Community Methodist church accompanied by Mrs Forman and son Maurice are spending the holidays at Phoenix, Ariz.

Bridge Section To Be Shipped

MARTINEZ, Dec. 29.—Transportation of another section of the former Webster street bridge, connecting Oakland and Alameda, is expected to be effected this week. The span is being transported to a site near the Antioch bridge to cross the San Joaquin river.

The span has been prepared in three sections for transportation and one section was transported up the river this week and placed on piling near the Antioch span. The other section will be taken to a site on the American river where the bridge is to be installed by Sacramento county.

KANSAS VISITORS

Mrs. J. A. Burke and daughter Margaret Anne and Miss Pearl Burke, oft Topeka Kan., are visiting at the home of Mr. and Mrs. Hugh Grierson, 684 Sixth street.

SANTA ROSA VISITOR

Mrs. Daisy Mayo, 550 Fifth street is entertaining her mother, Mrs. W. E. Mayo and her two grandchildren, Robert and Richard Howe of Santa Rosa.

Airship Plant At Walnut Creek

WALNUT CREEK, Dec. 29—The former silk plant here, scene of the Charles Henri Schwartz hoax murder three years ago may become the site of a dirigible factory. William Robert McComb of San Francisco, who claims to have invented the new type of dirigible, is here looking over a site for his proposed factory and is considering the silk plant location.

McComb claims that his invention provides the safest and most economical means of air transportation.

STOTELMYERS RETURN

Mr. and Mrs. C. L. Stotlemyer, 641 Eighth street, retured home yesterday from Cloverdale where they visited friends and relatives.

Willie Fisher Faces New Arson Charges

ALAMEDA, Dec. 29.—Willie Fisher, 18, alleged Bay district arsonist, faces a new charge preferred against him by Mrs. Ada M. Freeland, owner of the Park hotel, here, which Fisher is accused of firing, Aug. 1 last.

Fisher was recently acquitted by a jury because of its "unwillingness to send a feeble minded youth to San Quentin." The youth escaped from the Napa hospital shortly before he began his admitted destruction of $3,000,000 worth of property in the Bay area.

The authorities at the Sonoma county home do not want Willie back and he has been held in the Alameda county jail since his arrest. Among fires he is accused of starting in his mania for seeing buildings burn is the Fairmont school in El Cerrito.

Laddie Miller Home From Reno

Laddie Miller, son of L. C. Miller of 418 Thirty Sixth, street arrived home from Reno, Nev., recently. Miller has been at Reno attending the University of Nevada where he was well known around the campus in social and sport rings. While at school the last year Miller held the official capacity of head yell leader.

ALBERTS AT GAME

Mr. and Mrs. Harry Albert are planning to leave Monday for Pasadena where they will attend the Georgia Tech. and California football game at the Rose Bowl Tuesday afterday.

MRS. CASSELMAN RETURNS

Mr. and Mrs. C. J. Casselman of Pennsylvania avenue and daughters Inez and Virginia returned recently from Placerville where they spent the Christmas holidays.

SUNDAY MORNING, DEC. 30, 1928

LIFE IS MORE COMPLEX

In 1879 there were 252 names in the telephone directory for New York City. The telephone was then in its incipiency. Today the Bell Telephone system alone has 15,906,550 telephones in use in the United States. Just another case where yesterday's luxury is today's necessity.

Forty-nine years ago the telephone was even more of a curiosity than a luxury. The wealthy installed it in their homes for much the same reason that they collected curios and antiques. The instrument was not dependable and the system was too small to be of much value. It is difficult to see how society could get along without the telephone today, although the world got along without it only a half century ago. The explanation lies in the fact that the telephone constitutes a vital and complex system in a complex society.

It may only be a coincidence that there is one telephone and one automobile for every six people in the United States. And it may also be a coincidence that the history of the motor car paralleled that of the telephone in that the former also began its career as an invention, then became a curiosity and a luxury and is now a necessity.

Those who have any reason for concealing their age should never make the grave mistake of calling the telephone and automobile luxuries.

Dr. Ernest M. Stires, Bishop of Long Island, advocates the cancellation of the allied war debts by the United States. This would have one pronounced effect, anyhow. It would enable Europe to increase armaments at the expense of the taxpayers of the United States. How could we show our brotherly love in more convincing fashion?

John Coolidge is going to marry a typical girl. In a group photograph of the happy couple, the girl has her mouth open talking. John's is open too, but he's just smiling.

Life has a way of evening things. For every woman who makes a fool out of some man there is another woman who makes a man out of some fool.—*Seattle Times.*

It is reported that during the recent campaign a number of parrots were registered at Atlantic City as legal voters. Now we wonder how they got to the polls.

A Chicago court ruled that saloonkeepers are liable for the quality of booze they sell. That ruling will call for some cruel and unusual punishments. —*Cleveland Plain Dealer.*

When the Armistice was signed ten years ago few people would have predicted that by 1928 we would be greeting the Graf Zeppelin with roses.

When every family owns a radio doubtless the high power salesmen will begin advocating a radio for every room.

These folks who believe in evolution must get a lot of joy out of going to the zoo and feeding peanuts to their ancestors.

Every cloud has a silver lining. Al Smith can now lean back in his arm chair and think of all the pie hunters he has avoided.

In the good old days mother went to the cellar to skim the milk crocks. Now father does the skimming in the cellar and he doesn't get any cream either.

The way to avoid that extra session of congress, of course, is by enacting such legislation as is needed this winter.—*Indianapolis News.*

What Shall I Wear?

By JUDIE

A blue chiffon jacket spangled in silver appropriate with a dinner dress.

Dear Judie,

I am very much intrigued by the cocktail jacket idea. Those I have seen have been velvet and while they are stunning, I would like to find them in net or something somewhat transparent. I am a vivid brunette and wear bright colors very well. Are these jackets always the straight up and down shape and are they worn at dances?—C. M.

I do not wonder that these gay yet useful jackets appeal to you. Illustrated herewith is a distinctly different type in spangles on net. The better class shops show net embroidered jackets and several ideas other than velvet. For restaurant dancing this jacket is peculiarly appropriate being probably designed for just such a setting.

Yours for Style,

JUDIE.

AND THE WORST IS YET TO COME

Check Relay Switch For Current Loss

Occasionally the ammeter on your car may show discharge in spite of the fact that all switches are off. The Free Emergency Road Service of the California State Automobile association advises checking the relay switch as the current may be discharging back into the generator through this unit

BEAUTY

There are two perfectly good reasons for keeping your hands away from your face—in the first place it is not hygienic and secondly it is not good form.

Some women always seem to have their fingers to their faces, smoothing out a wrinkle, feeling a bit of roughened skin or something of the sort. It doesn't look well and it doesn't help the skin any. Such a nervous habit (and that is usually what it is) should be overcome because of the danger of infecting skin with the fingers. Even when the hands are kept scrupulously clean, there is always the danger of spreading infection on the skin by fingering the face.

So fold your hands politely like a nice little lady—and leave your face alone!

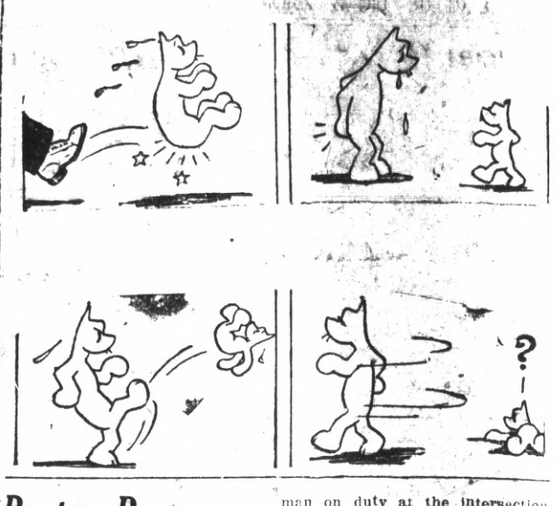

Dear Miss Lane,

Isn't there some sort of lotion that can be made at home which will reduce enlarged pores? My skin is clear and unblemished but the pores seem very large to me. What else can I do for them?—BETTY.

A dram of boric acid and four ounces of distilled witch hazel will make a lotion which will aid in reducing enlarged pores. After cleansing the face at night apply the mixture with a clean piece of absorbent cotton and leave on overnight. This, or some mild astringent, should be used always before using cosmetics.

Don't use too heavy a cold cream as this may stretch the pores. Give your face an ice rub occasionally after cleansing.

Cat Tales by Pusey

Boston Raps Jaywalkers In New Ordinance

The jaywalker is gradually being put in his place in all of the major cities of the country through the enactment of the laws that seek to prevent his activities, according to the National Automobile club. The latest large city to adopt traffic regulations for the jaywalker is Boston, which threatens to impose a fine of $20 for disregarding its provisions.

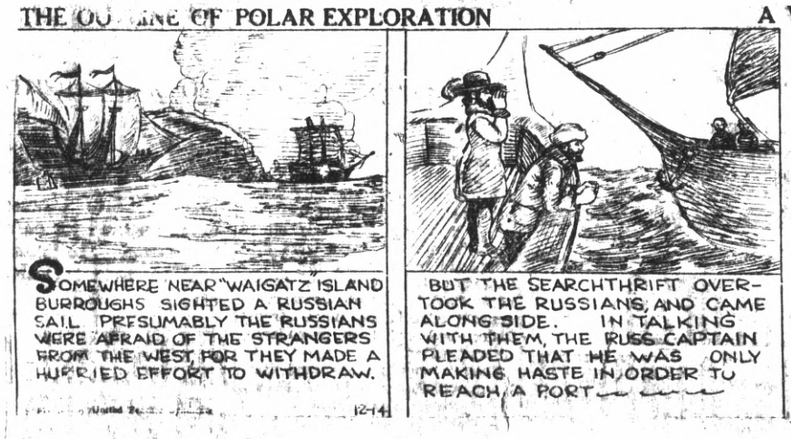

The regulations also provide that no pedestrain may cross a street at any other place than an intersection. Nor may be cross a street when directed to stop by a policeman on duty at the intersection. All pedestrians illegally crossing at other than intersections must not only yield the right of way but also do so at their own peril.

1929 Model Hot Dog Announced

MEMPHIS, Tenn., Dec. 00—UP—The 1929 model frankfurter apparently will retain the same graceful streamlines but within a new detachable skin, an announcement by a packing company here indicated. The "hot dogs" will be cooked in waxed paper which will be removed before the product is sold.

Big Business And Art Unite In Jazz Music

American Music Resembles Roumanian Folk Songs

New York City.—Modern American music about which there has been such bitter contention, among musical people as to its origin and right to be labeled "art" is really the legitimate folk-lore of our country. It has stood out from the folk-lore of other countries and been made a target for attack simply because American business men have commercialized it, made it "big business."

This is the opinion of Flo Hauser, headline singer of modern music. Miss Hauser when a child, came to this country from Jassy, Roumania, and has grown up with American music. She says that our modern music has the same essential characteristics as the folk music of the Balkan countries. From her parents, both musical, she has inherited her knowledge and love of European folk music.

"The only reason jazz is attacked is just that your so very bright business men have recognized the opportunity to commercialize something dear to the heart of the people—their native music," she explains.

"Jazz is lovely and simple. For instance, there is 'Lonesome in The Moonlight,' a perfect example of the simple and melodic tune and just the type that is transmitted from generation to generation in Roumania by folk dances and folk songs, though generally unwritten. It has the simplicity which makes it a real folk melody.

"The musician, always a little aghast at any relationship with the business world, continues to raise an enquiring eyebrow at this modern music which is at the same time 'such good business.'"

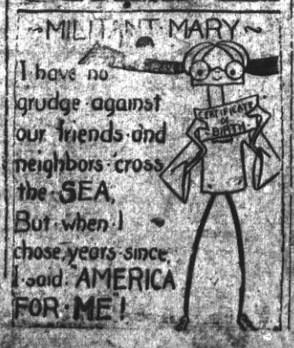

GUSTAV VASA LODGE HOLDS YULE PARTY

Members of Gustav Vasa lodge and their families enjoyed a Christmas party last night in the Woodmen hall. Presents were distributed to the children from a decorated Christmas tree. Dancing was enjoyed and refreshments served. The committee in charge of arrangements was headed by Chris Morken.

RICHMOND UNITY CENTER
Richmond clubhouse, 1125 Nevin avenue.
9:45 a. m.—Sunday school.
Unity is the name by which the work of the Unity School of Christianity is known.
Unity is not a sect but a school of spiritual research. Unity teaches that the principle with which Christ did the work is still operative.
The Unity publications do not present criticisms of any faith; they give constructive suggestions.
Approximately two and one-half million people are at present applying Unity methods to the problems that arise in life.
11 o'clock—Morning service.

FOUR SQUARE GOSPEL
1002 Barrett avenue

COLLEGE FILM OPENS CAREER FOR ROGERS

At last a college picture with a new, a different approach has been produced. At last the intriguing round of college life in the United States has been divorced from the fanfare and slapstick of former, so called, collegiate pictures which sickened collegiates and non-collegiates alike. At last Paramount has produced "Varsity" with Charles (Buddy) Rogers ably handling a difficult lead role and Mary Brian and Chester Conklin furnishing support.

"Varsity" which opens at the California theater tomorrow night, pictures college life as it is.

The story deals with a whimsical janitor whose aim in life is achieved when his son comes to college.

The scenes for "Varsity" were taken on the campus at Princeton university and were supervised in the making by a committee from the faculty of the university.

The picture is splendidly conceived, ably directed and competently acted, a true and living portrait of contemporary American college life.

College Players

CHARLES ROGERS and Mary Brian in the Paramount picture "Varsity" which is coming to the California theater tomorrow.

Richmond Lots Exchanged For Madera Ranch

A real estate deal, involving between $20,000 and $30,000 and regarded as one of the largest property transactions in Richmond in several months, was announced yesterday by the Claude E. Clark company.

Four lots located on Nineteenth street near Chanslor avenue have been traded by A. Thomas Anderson employe of the Richmond street department for the last 10 years for a 41 acre dairy ranch near Madera.

Lewis T. Lincoln, retired rancher of Calistoga becomes the new owner of the Richmond property. Anderson and his family leave tomorrow to take over the dairy ranch.

LOS ANGELES VISITOR

New Prima Donna Joins Ranks Of Holt Comedians

If a very beautiful young lady, very slightly clad, should appear unexpectedly in the living room of your home, what would you do? Nat Holt's comedians will endeavor to answer that question for you today at the California theater when they appear in the merry, tuneful farce comedy, "The Midnight Girl."

Pic Maloney, the new comedian who met with such instant favor last week, will have one of his favorite blackface roles and will be ably supported by Jimmie Edwards, Florence Spurrier, Ted Howland, Ruby Rossiena, George Hied, Jack Whalen and Florence Cleveland the company's new prima donna who makes her first appearance this week.

Included in the musical program will be Ruby Rossiena in "Cecelia" the Knight Sisters in "Mississippi Mud," Pic Maloney in a blackface specialty, Florence Cleveland rendering "The Song of Love" and Jimmie Edwards singing, "Milady's Dress," a fashion parade.

ENOCH OAKLEY FUNERAL HELD

Funeral services were conducted here yesterday afternoon from the Wesley Methodist church for Enoch Oakley, 77. Rev. G. G. Lindemann officiated at the services. Interment was in Sunset View cemetery. Wilson and Kratzer were in charge of the arrangements.

Oakley passed away at his home 453 Eighth street following a lingering illness. He was a pioneer resident of this city having come here in 1907.

Deceased was a native of England and a charter member of the Sons of St. George of Youngstown, Ohio.

He leaves four daughters, Laura Edith Oakley of Richmond; Mrs. Martha Renoud, of San Leandro; Mrs. Lottie Hopper, of Richmond; Mrs. K. Long of Richmond; two sons, Benjamin and Wilbur Oakley of Richmond and a son Raymond, of Oakland; a sister, Mrs. Sarah Robinson of Ohio and three grandchildren Lillian Oakley, of Oakland; Shirley Oakley of Richmond and Howard Long of Richmond.

Scout Troop Has Rat Hunt

Members of Troop No. 11 under the direction of Scoutmaster R. Rasmussen held a rat hunt yesterday at Alvarado park.

The boys went to the park early yesterday morning and enjoyed luncheon there. During the day they started their hunt. It was reported that a good bag of the pests was brought in.

Lester G. Eby, Jr., Joins Telephone Co.

Lester G. Eby, Jr., who recently graduated from the Richmond Union high school, has entered the service of the Pacific Telephone and Telegraph company as an apprentice in the cable department. He is located at Palo Alto.

Plays With Comedians

ELAINE KINGSTON, who is appearing at the California theater today with the Nat Holt comedians in "The Midnight Girl."

Buzz Barton Young Star At Richmond

Buzz Barton, 13 years old, freckled and filled with Irish personality, arrived at the Richmond theatre in his latest FBO starring picture, "Rough Ridin' Red."

With his pony "Rags" playing an important part, Buzz is shown at his best in a story that abounds in thrilling situations, the production being far above the average Western screen fare.

Louis King directed the picture with exceptional finesse, taking advantage of every dramatic and laugh-making situation in the story. Frank Howard Clark is the author, while the supporting cast includes Frank Rice, Betty Welsh, James Welch, Bert Moorehouse and Ethan Laidlaw.

Plate Family Back From L. A.

Mr. and Mrs. J. H. Plate and son, Richard, and Frank Decker of Healdsburg have returned from Los Angeles where they spent the Christmas holidays with Mrs. Plate's sister, Miss Anna Metz. They also visited in Madera with Plate's sister, Miss Della Plate. They report snow and ice on the ridge route on the way down but warmer weather on the return trip.

Mechanics Bank Files Foreclosure

MARTINEZ, Dec. 2.— A foreclosure suit was filed in superior court today by the Mechanics Bank of Richmond against the Richmond Soda Water and Bottling Works. The bank seeks a foreclosure decree on a chattel mortgage on equipment to satisfy a promisory note for $4930. Thomas M. Carlson is attorney for the bank.

TERRYS MOVE

Mr. and Mrs. David Terry have moved into their new home at 706 Nevin avenue.

RUM RUNNER IN PICTURE OF THRILLS

Robert Armstrong who has done a marathon to screen stardom within 12 months has an excellent role, that of a bootlegger in the new dramatic Pathe picture, "Ned McCobb's Daughter," which will be on view at the California theater today. He plays opposite Irene Rich, who is featured with Armstrong, Theodore Roberts and George Barraud.

The scenes of "Ned McCobb's Daughter" are laid on the coast of Maine. Carrie Callahan, Irene Rich, is the daughter of Ned McCobb. Theodore Roberts, captain of a ferry and she runs a restaurant where "shore dinners" are served. Her husband, George Callahan (George Barraud) is a shiftless scoundrel, a former convict and he steals hundreds of dollars from the transportation company with which he is employed in order to maintain an illicit affair with Jeane (Carol Lombard) a waitress in Carrie's restaurant.

When Callahan's thefts are discovered he is threatened with arrest. To save him, Carrie accepts $2,000 from Babe Callahan, Robert Armstrong, a bootlegging brother of her husband's and is obliged to allow Babe to make her restaurant his rum running base. The prohibition officials suspect Babe and his brother and one of them, Keily (Louis Natheaux) is killed by the latter. Carrie's place is raided and Babe decides to run his liquor raiding trucks away for the last time. He loves Carrie and seeks to protect her. Then comes a smashing climax which is guaranteed to keep spectators in their seats to the final fadeout.

Christian Science Lesson Subject

"Christian Science" is the subject of the Lesson-Sermon, Sunday, Dec. 30, in all churches of Christ, Scientist, branches of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass.

The citation which comprises the Lesson-Sermon includes the following from the Bible: "And he shewed me a pure river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb. In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing."

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Bible contains the receipe for all healing. 'The leaves of the tree were for the healing of the nations'. Sin and sickness are both healed by the same principle. The tree is typical of man's divine Principle, which is equal to every emergency, offering full salvation from sin, sickness, and death" (p. 406).

THE HOME TOWNERS

BY JOHN LEARY PELTRET
FROM WARNER BROS. "ALL TALKING" VITAPHONE PICTURE
BASED ON THE COMEDY BY GEORGE M. COHAN

SYNOPSIS—Arnold, engaged, asks his friend Bancroft to bring his wife and be best man. Bancroft gets suspicious of the fiancee's family and tells Arnold, a row results. Arnold tries to square things with fiancee.

CHAPTER VII

THE father of Beth is wise and while Arnold is trying to get Beth to relent he keeps himself and his wife out of the argument. Once in a while they are tempted to speak, but do not. Then Arnold gives Calhoun the high sign for them to leave and they do. What Arnold wants is a chance to talk to Beth alone, thinking that he might bring her to his way of thinking.

WHEN father and mother have gone, Arnold goes over to Beth, takes her rather roughly by the shoulders and whirls her around so that she will face him. Then he gently takes her in his arms and tells her that the Bancrofts will be gone the day after the wedding and why not put up with them. After all he says it means happiness for both of them and their whole future.

BUT Beth will not give in. She pulls herself away and recalls the insults that Bancroft heaped on herself and the Calhouns. She asks Arnold if he thinks she has no red blood in her veins to submit to that. At the end of these remarks she says that she would rather break the engagement than give in and have the Bancroft's at the wedding. The words uttered, Beth was sorry.

AT this threat Arnold is repulsed. He urges Beth not to be foolish and sacrifice their happiness. She is obdurate. He tells her he does not altogether approve of the bridesmaid—she is dumb. Beth sniffs. Then Arnold asks if she thinks he has lemonade in his veins, says he has a temper, being sorely tried. Asks if she is serious about breaking with him. He might accept the break.

Automobile News

AUTO TIRES PUT TO HARD TEST ON ROADS

Believing that a cross country trip provides an excellent means of proving the worth of a tire, a manufacturer of Western Auto Supply company tires, maintains a road test car for that purpose, according to R. J. Kelley, local manager of the company.

"At the start of a recent cross continent trip four popular makes of tires were installed on the car, including one of the new improved type Western Giant balloons with center traction tread. When the car arrived on the Pacific coast, the Western Auto tire was the only one of the four original tires that was still in use. Only a small amount of tread wear was shown and a close inspection of the carcass did not reveal the slightest break.

"C. W. Grigsby, pilot of this test car, purposely drives the car hard over all types of roads and does not attempt to avoid sharp rocks, jagged ruts and other road imperfections detrimental to tires. Such trips provides fair cans of testing Western Auto tires as all types of weather and road conditions are encountered.

"Both the Western Giant and Wear-well makes are of highest quality construction and are built for exacting western requirements. These long lasting, economical tires hold the friendship of thousands of automobile owners year in and year out, by delivering trouble free mileage in the face of every severe test.

This popularity is clearly shown by our ever increasing volume of sales. Up to October 1 of this year more tires were sold by the more than 1500 stores than were sold throughout the entire year of 1927," says Kelly.

Finns Prefer American Cars

Approximately 90 percent of the automobiles in use in Finland are of American make, according to a report to the National Automobile club. Of the 29,512 motor vehicles registered in that country a recent survey reveals that 26,620 are of American manufacture.

The report shows that 20,677 passenger cars are registered and that of this number 18,653 are of American make thus indicating that about 90 percent of the cars in which Finns ride came from the United States.

The gasoline tax yielded $140,655,398 to the states in the first half of 1928, according to the California State Automobile association.

Testing 'Em Out

TO DETERMINE the exact need of automobile owners for tires to meet western road conditions, a test car is being operated for the Western Auto Supply company, that is in constant use putting the new improved type, Western Giant balloon, with center traction tread, through various tests.

Straight Roads Scene Of Many Auto Accidents

It is on the 'road called straight' that most of the automobile accidents happen in California according to a report of accidents made by the division of motor vehicles and just received by the National Automobile club. In other words it is on the open road that accidents are more liable to happen than on curves or other places.

The figures in the report show that in October out of a total of 3,439 accidents in all sections of the state 2,500 happened on the straight road and when the automobiles involved were going straight ahead. Of this number 108 were fatal accidents and 2,392 were non-fatal.

The reason for this seems to be obvious. Drivers are more apt to be careful when the road is obstructed and to take fewer chances than when they can see straight ahead. With the road open ahead of him and no obstructions in sight he is more apt to let his attention be distracted from his driving and accidents are the result.

Car Registration On Large Increase

Automobile registration has increased more than 150 per cent since 1920 and the improved highway mileage only 34 per cent, according to the California State Automobile association.

Danger Of Car Crash Greatest In Afternoons

Late in the afternoon and all day Sunday seem to be the most dangerous times when motor accidents are the most frequent and when the most persons are killed and injured in California, according to information received by the National Automobile club from the Division of Motor Vehicles.

Figures compiled by the division show that in October more automobile accidents happened during the hour between 6 and 7 in the afternoon and on Sundays when the traffic on city streets and country highways is the heaviest.

The division report shows that in October, 207 accidents occurred between 6 and 7 in the afternoon and that 7 persons were then killed and 200 injured. There were 368 Sunday accidents in which 20 persons met death and 348 were injured.

The reason for this is that late in the afternoon there is a rush on the part of many drivers to get home for the evening meal and hence the city streets are crowded with machines. The Sunday accidents are due to a similar reason except that pleasure brings most machines out of the garages onto the streets and highways.

NEW CHEVROLET ON DISPLAY HERE

The new Chevrolet six cylinder car is now on display at the Golden Rule Chevrolet company, Fifteenth street and Macdonald avenue. An Imperial landau and a coach model have been secured for displayal here. All day yesterday and up to late last night motorists crowded the salesroom to see the new machines.

The showing of the machines here and in other cities is the result of a demand by the motoring public to see the new cars.

Machines from Flint, Mich., have been loaded and rushed express to dealer organizations in each of these places. Newspaper ads have told of the appearance of the new car and crowds have flocked to see them.

The year 1929 is expected to be the biggest in the history of the Chevrolet Sales agency.

Forces of the company are busy behind the scenes in 15 Chevrolet factories.

Factories are running full tilt to supply the demand, everything is working smoothly so that motorists who have ordered the new cars for Jan. 1 will not be disappointed. As soon as the cars are assembled they are rushed to dealers for displaying and distribution.

The new car has received a tremendous ovation in New York, Chicago, Detroit, Los Angeles, San Francisco, Washington and Portland.

At Detroit the opening day of the exhibit drew 28,000 persons a figure which bettered by 3000 the best opening day crowd in the history of the Detroit auto shows. Almost a quarter of a million persons visited the showing in New York during a six day period.

CHRYSLER LINE LAUDED FOR BEAUTY

"Few persons realize that the universally lauded and authoritative beauty of the new Chrysler cars is the immediate result of a deliberate and conscious plan to apply to automobile design the principles of the classic forms of art.

"Chrysler has not relied alone on the inspiration of individual designers. Instead it has searched out authentic forms of classic beauty and has translated them into terms of motor car beauty and motor car utility."

The speaker is Harry Curry of the Curry Auto Sales, Richmond Chrysler dealer. In tracing how this beauty has been authoritatively achieved, he continues:

"The public's instant acceptance of this new Chrysler beauty has caused a revolution in what has heretofore been termed motor car body design. The new Chryslers set a still higher standard of beauty, instantly recognized and appreciated by most people which has been widely discussed in homes, in clubs, on the street and in newspaper and magazine style articles alike. Amos Parrish, at the Harper's Bazar fashion conference recently ended in New York, in discussing 1928's six best contributions to merchandising, rated Chrysler's job in realizing the vital importance of automobile fashions' as one of them."

Kansas License, Black On Yellow

Kansas' 1929 automobile license plates consist of black numerals on a yellow background, according to the California State Automobile association.

Indian Herbs

Is a good family medicine composed principally of herbs, roots and barks. An excellent liver regulator for sluggish bowels, kidneys and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 607 Macdonald avenue.

State Speed Regulations Not Repealed

The California State Law governing the speed at which automobiles may be lawfully operated has not been repealed or modified. A popular conception has arisen that this law has become inoperative throughout the state and this is erroneous according to the Legal Department of the National Automobile club.

It is true that many of the larger cities have centered their attention on the prosecution of cases amounting to reckless driving and this has consequently resulted in a loss of attention to pure speed violations. This is a rational aspect of the law as the purpose and spirit is for the protection and prevention of accidents and they can only occur through some negligence or recklessness.

In the less thickly populated districts the problem is not the same. The motorist is apt to drive through a small business district before his attention is brought to the change and it follows that such communities must require strict enforcement of the speed laws.

It is well that the motorist observes these laws when traveling, as he often finds it most inconvenient to retrace the road to undo his wrong doings.

Depreciation Takes Toll From Driver

Depreciation is the greatest cost in operating an automobile and is 3.10 cents per mile for the average car according to figures reported to the California State Automobile association.

Billion Gallons Of Gas Used Here

California has the largest consumption of gasoline and now uses around one billion gallons annually, according to the California State Automobile association.

Tourist Traffic To Canada Gains

Tourists from the United States are entering Canada in ever-increasing numbers, according to information received by the National Automobile club from the Dominion. For the first six months of the year 1,028,427 motor cars entered Canada at the international border, the report says.

Of this number 822,382 remained only one day, 204,706 entered for sixty days, while 829 came for longer periods. How valuable this traffic is for Canada may be judged by the fact that motor tourists spent $276,288,140 in 1927 and that officials estimate that this sum will be greatly increased in 1928.

Accident Toll Hits Decrease

Nine states reduced the number of motor fatalities last year, according to the California State Automobile association.

10,000 Miles Added To U. S. Aid Highways

Improvement was made on a total of 8,184 miles of the Federal aid system during the fiscal year ended June 30, 1928, according to the California State Automobile association.

The motoring body says that at the close of the year, initial improvements were in progress on 9,494 miles and advances or stages construction was under way on 1285 miles. Advanced stages of improvements were completed on 2014 miles in the fiscal year just ended.

The total cost of the 8184 miles of initial construction and the 2014 miles of stage construction completed was $205,043,784, of which the Federal government paid $88,056,984 or 43 percent and the states the balance.

Now on Display *in our Showroom!*

Today you can see the most sensational automobile ever introduced—The Outstanding Chevrolet of Chevrolet History, a Six in the price range of the four!

Today, this amazing new automobile is on display in our showrooms and we cordially invite you to come in for a personal inspection!

When you lift the hood and see the new six-cylinder valve-in-head engine you will realize that a new era has dawned for the buyers of low-priced automobiles. Representing four years development and testing, this new power plant is a marvel of advanced design. At every speed it operates with that delightful smoothness which everyone demands today in a modern automobile. It develops approximately 32% more power than any previous Chevrolet engine. It displays sensationally greater speed and faster acceleration. And yet, despite this brilliantly improved performance, it maintains Chevrolet's worldwide reputation for economical transportation by delivering *better than an average of twenty miles to the gallon of gasoline!*

Great Array of New Features

Matching this spectacular advance in performance is the greatest array of new features Chevrolet has ever announced.

The big, new four-wheel brakes are exceedingly quiet in operation. The new two-beam headlamps with foot control dimming device were never before available in Chevrolet's price class. And so on throughout the entire chassis, you will find feature after feature previously demanded in the finest of automobiles and now offered on the Outstanding Chevrolet in keeping with Chevrolet's policy of constant progress.

Distinctive New Beauty

But, however impressed you may be by the mechanical superiority of the Outstanding Chevrolet, your admiration will reach even greater heights when you study the car's distinctive beauty—

—the marvelous new Fisher bodies represent a masterful example of artistic coachwork. Never have beauty, comfort, convenience and staunch construction been more skillfully combined in the bodies of any automobile!

So we urge you to come in today and inspect this outstanding new car.

SPORTS

WESTERN FOOTBALL TEAM BEATEN BY EAST ELEVEN

HOLMER STARS IN FAST CONTEST

KEZAR STADIUM, San Francisco Dec. 29.—UP—A smooth working team of gridders from east of the Mississippi today gave the Western team a thorough football lesson before 40,000 spectators and won a 20 to 0 victory.

It was the first time since the annual Shrine East-West game for charity was inaugurated four years ago that an Eastern team had been able to leave the field at the final gun with a victory in its grasp.

The slashing, determined football men from the east and middle west dominated the game throughout the four periods and at no time were in danger of being caught by their Western rivals.

Individual stars as was expected, twinkled brightly but none with such brilliancy as big Walter Holmer of Northwestern.

Homer, sometimes called "Poker Face" passed, kicked and did everything well a good football player should be able to do.

It was Poker Face who threw three beautiful passes in the first period that carried the Easterners into scoring distance from a starting point in their own territory.

His fourth pass was juggled by Johnson and recovered by Bob Sims of the Western squad.

Norach and Getto, tackles and Gibson and Fox, guards opened holes almost at will in the Western line and the east advanced to the three-yard line where Howell, Nebraska fullback made the last plunge. Norack's kick was good and the East was on its way to victory.

The second quarter was a replica of the first with the East continuing to drive the ball down the field. Finally Howell found another big hole in the Western line and crossed over for another touchdown this time from the five yard line. A bad pass from center spoiled the chance for another point.

The team, coached by Andy Kerr and Dick Hanley worked together too smoothly during the first half for the Westerners.

Labor Receives Bulk Of State Highway Funds

Money spent for highway improvement is widely distributed according to reports of building operations reaching the California State Automobile association. A recent investigation showed that a little more than half of the total investment in new improved roads goes to labor. This means that if the highway cost approximately $26,000 a mile, more than $13,000 of this amount will be paid out for labor.

British Runner Shows New Way To Catch Boat

LONDON, Dec. 29.—(U.P.)—Eric Liddell, former British Olympic champion, has again justified the decision of the committee who selected him to run for Britain in Paris in 1924.

Liddell is now engaged on missionary work in China but is still taking an active part in athletics. He recently crossed from Tientsin to participate in an international sports meeting in Japan.

Just before his race, the 400 meters, was scheduled to start Liddell discovered that he had only a quarter of an hour in which to race, change and get to the dock before the steamer started back to Tientsin.

Off went the gun, off went Liddell H. round the track he flashed, passing the post an easy winner, but to the amazement of the crowd he continued running until he reached a taxi outside the arena. Then he was whirled to the dock, only to find that the boat for home was already fifty yards away from the key.

Losing no time the famous athlete dashed down the dock, clearing crates, trolleys and all other obstacles in his stride and without deviating his course until he came to the end of the jetty which he knew the boat would have to pass closely.

With an amazing effort he cleared the water jump, namely fifteen feet of water between the dock and the boat, landing squarely on the deck.

Golf Declared Dangerous Sport

DES MOINES, Ia., Dec. 29—(U.P.)—Golf, the supposedly conservative quiet game, annually takes a greater toll of dead and injured than does the hazardous sport of flying, and two-thirds as many casualties as hurting. That is what figures compiled by insurance companies here show. Only two other sports outrank it in hazards.

The majority of golfing accidents which result fatally are caused when players are struck in the head by a driven ball. A club head flying off the shaft also has caused a considerable number of deaths on golf links.

JACK THOMASON PROVES BEAR BUGABOO

PASADENA, Dec. 29.—UP—The University of California has decided to keep an eye on Jack Thomason, better known as "Stumpy" and hopes by such scrutiny to avoid possible football humiliation at the hands of Georgia Tech here Jan. 1.

The belief that Thomason needed watching in the coming Tournament of Roses contest, a mere whisper in the beginning, has grown to a unanimous verdict among California players, coaches and well-wishers.

When the Tech eleven was transplanted from its native Georgia to southern California soil, it was believed that most suspecting western optics would be directed to Warner Mizzell, named a back on numerous all-American selections.

To Watch Mizzell

The Golden Bear defense has no intentions of over-looking the fleet Mizzell but a lot of attention originally extended for him will go to Thomason.

Stumpy aptly described by that nickname has shown himself to be a hard hitting, fast and shifty runner. In practice tussions here he has outdone his most illustrious team-mate, Mizzell.

Then too, Stumpy is built for rough-tough action and western football opinion has a tendency to run to beef.

California has no inclination to scoff at the abilities of the trailer Mizzell it merely believes that Thomason will cause more trouble through the period of the contest.

Thomason May Not Start

A possibility appeared today that Coach Bill Alexander would not place either Thomason or Durant quarterback, in his starting lineup.

The apparent strategy of such a move would be to give this pair a few minutes to look over California from the sidelines before sending them against the Bear defense. In such a case, Randolph would start in place of Thomason and Schulman for Durant.

Alexander worked both Randolph and Shulman with the first stringers a good part of today's light practice.

Tech will rest tomorrow and will hold only a brief workout Monday.

The Bears received a fairly heavy grilling this morning and Coach Nibs Price indicated he might work them again Sunday.

For the most part the California practice was devoted to new offensive formations, featuring many passes.

Baseball Great

STIFF BOWLING MATCH HERE THURSDAY

The feature match of the season in the Contra Costa bowling league is scheduled for Thursday night at the Seventh street alleys between the Dr. Long Chiropractors and the Standard Oil company teams.

The bowlers on these two teams have an average of 170 or better so a close and intersting match is looked for.

Several of the county league bowlers have entered the San Francisco Examiner bowling league tournament and there is a good chance of some of the locals reaching the finals or the semi-finals. The first prize for the tournament is a new automobile and a trip to Fresno to compete in the Pacific Coast Bowling Congress tournament.

San Pablo Nine Postpone Game

A wet, soggy field has caused the postponement of the baseball game between the City of San Pablo club and the General Petroleum nine, scheduled today. A conference between the club leaders was held yesterday afternoon and the decision was reached.

The Johnston Clothiers, tied for league leadership with the Piggly Wiggly team will meet the Guarantee Shoe nine in the Emeryville park this afternoon at 2:30 o'clock.

Soccer Team To Play Neptunes

The Richmond soccer club will meet the Neptune team in Oakland this morning at 10 o'clock in the crucial game of the series. If the local lads are able to annex a victory this morning they will have cinched the second place in the league.

The Richmond lineup includes: Urquuhart or Meyers goal; Bracco rf; Freece lf; Baker rh; Lems lh; Long ch; Grice or; Fewins ir; Brain c; Jester il; Hood ol.

—RAGS WANTED—

SOUTHERN GOLF TITLE MATCH PLANNED

EDGEWATER PARK, BILOXI, Miss., Dec. 2?—UP—The executive committee for 1929 of the Pan-American Womens' Amateur Golf Association, which will sponsor the second annual Pan-American Women's Amateur Golf Tournament on the Edgewater Gulf Golf Course here January 15 to 19 has been announced by Marion Turpie, director of the association, and herself, Louisiana and southern women golf titleholder.

The "Pan-Am" will also include a men's tournament on January 22 to 26 inclusive, sponsored by the Pan American Amateur Golf Association, of which G. Fred Lamprecht, former national intercollegiate champion of New Orleans is director. The tournaments besides being the premier international golf event of the south will open major winter golf tourney play on the American Riveria this season.

The executive committee of the women's association follows:

UNITED STATES—Glenna Collett, national champion Providence R. I., Mrs. O. S. Hill, North South and Trans Missippi champion; Mrs. Harry Pressley, Western champion, Los Angeles Cal.; Maureen Orcutt, Metropolitan (Eastern) champion and former national titleholder Englewood, N. J.; Virginia Van Wie, noted Chicago Ill. woman golfer; Marion Turpie, Southern champion New Orleans La.; Mrs Miriam Burns Tyson, former national champion, Kansas City, Mo.; Mrs. Lee Milda, Chicago Ill.; medal champion; Mrs. Ben Fitz-Hugh, Mississippi champion, Vicksburg, Miss.; Mrs. Jack Arends, noted Chicago golfer; Mrs. John Armstrong, former Southern champion; Mrs. David Gaut, former Western and Southern titleholder and chairman, woman's division, United States Golf Association, Memphis, Tenn.; Mrs. H. G. Geismer, Birmingham, Ala. city champion; Marie Sehny, former Metropolitan champion; Mrs. E. D. Mason, Louiseville, Ky.; Mrs. Melvin Jones, former Western, Chicago, Ill.; Mrs. Helen D. Lowndes, former Southern, Atlanta, Ga.; Mrs. J. M. Taylor, former New Orleans, La. city champion and Mrs. R. H. Wilson, president of the Women's Golf association, New Orleans, La.

MEXICO—Mrs. C. R. G. Conway, women's golf captain, Mexico City Country Club, Mexico City; Miss Constance Borow, Tampico Country Club, Tampico, Mexico; Mrs. F. D. Hobson, Monterrey Country Club, Monterrey, Mexico; Mrs. J. K. Schlisser, finalist, Mexico championship, Pachuca Country Club; Mrs. R. L. Smith, Mexico champion, Mexico City; Mrs. Arthur Stockdale, Chapultepec Country Club, Mexico City.

New Year Dance To Be Held By San Pablo Nine

The San Pablo ball club will hold an all night dance in Maple hall New Year's eve, tomorrow night. Advance sale of tickets indicates a record crowd in attendance. Frank Arnold and his orchestra will play for the dancing.

A feature of the evening will be the awarding of a new Ford roadster as a door prize. Proceeds for the dance will be used for the benefit of the ball club now playing in the Oakland Midwinter league.

"Y" Coach To See Football Game Tuesday

Wally Ferrar, coach of the Y. M. C. A. basketball team, returned here yesterday from a snow party held in Auburn. Coach Ferrar announced his intentions of placing his team in the P. A. A. 130 pound league, which starts Jan. 7. Practice was held last night in the Y. M. C. A. gym for the last time until Jan 3. He is leaving today accompanied by Ugo Boschetti and Carl Drexal for Los Angeles where they will witness the California-Georgia Tech football game to be held at the Rose Bowl in Pasadena on New Year's day.

Benedicts Star On Midland Team

FREMONT, Neb., Dec. 28.—(U.P.)—Three married athletes two of them "dads" are playing a big part in athletics at Midland college here this year. Edwin Metz, Nebraska City, regular center on the football team, and Ned Sackett, Tekamah, regular right half, are the dads. Metz being the proud daddy of a six months old daughter, while Sackett is the father of an eight month old girl. The third benedict, Vernon Armstrong, Plymouth, Ia., is scheduled for a regular forward berth on the cage team this winter.

Millions Used To Clear Snow Blocks

Highways in the 36 states in the snow belt are now kept open at an annual cost of five and one-half million dollars, according to the California State Automobile association.

Large Sum Spent To End Crossings

Railroads spent more than $90,000,000 between 1923 and 1926 for the elimination of grade crossings, according to the California State Automobile association.

SOUTHERN PREP BEATS TEXAS ELEVEN

LOS ANGELES, Dec. 29.—UP—Outclassing its opponents in practically every department of the game, a Southern California all-star prep school football team defeated Central high school of Fort Worth, Tex., here today 45 to 0.

Orv Moehler, of Alhambra high school led the Southern Californians, as they rang up seven touchdowns, one safety and a point after touchdown. Moehler did everything well.

Bob Jordan, heralded as Fort Worth's ace, was unable to make much headway against the Southern California line and was frequently thrown for losses.

Score by quarters:

S. C.	6	6	14	19	
Forth Worth	0	0	0	0	

Local Men At Football Game

Howard B. Jameson and Dr. E. E. Rutledge sailed yesterday on the steamship Yale for Los Angeles to attend the New Year's day football game between the University of California and Georgia Tech teams. They plan to make the return trip by airplane.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and it works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

11—Real Estate For Sale

A $500.00 GIFT!

A client sold his 4-room Bungalow with garage, for $3750.00 Over $500 has been paid on account. The purchaser had to move from Richmond and we have been instructed to sell this attractive little home for $3260. on easy terms. Located one block from Macdonald Ave.

The small first down payment is all the property will cost you, the rest you would pay out in rent anyhow.

FRIENDS AND NEIGHBORS SURPRISED BY MY QUICK RECOVERY

San Jose, Cal. Nov. 13, 1928.

To Whom it May Concern:

For some time past I suffered with nervous attacks similar to St. Vitus Dance. My speech was so affected that I could scarcely make myself understood. My heart beat fast and nosily. I tried every method of healing known to me in vain. Then I was recommended to try the Fong Wan Herbs Now, after but two weeks of that treatment, I am completely well.

My friends and neighbors as well as the men who formerly treated me are all surprised at my recovery in almost no time. All inquire as to whose skill has brought me such wonderful and quick relief.

(Signed) JOSEPHINE DOMINGUZ. (Attested by her mother, Mrs. Anna Dominguz, 645 Emery-st. San Jose, Cal.)

People who wish to learn more about Fong Wan's knowledge of herbs and methods of healing should get his new book free at his office or mailed to any address upon receipt of 10c postage.

BRUTAL SLAYER HUNTED BY POSSES

(Continued from Page 1)

evading searchers near the scene of the murder, probably finding his way into a swampy, or deeply wooded stretch farther away.

The girl believes Shepherd's motive in part was revenge for a beating he received from her father several weeks ago for a prison rule infraction.

On appeal from prison farm officials, thirty special officers from Cochama, Quitman and Bolivar counties arrived this afternoon to join in the hunt.

Troops Called

At Clarksdale police legionnaires and citizens were organized under H. T. Dickey, legion post commander. The river bottom near here was searched by a posse of 400 to 500 armed men, commanded by the prison farm superintendent J. T. Fox.

Under orders from Gov. Theodore Bilbo, state troops were reported on their way to the scene to participate in the manhunt. They were headed by Maj. T. O. Birdsong, 1555th state infantry.

Few crimes have so shocked the sensibilities of residents of this delta land, most of them farmers.

As told by the girl today, the story of her father's murder and her abduction was one possibly without parallel.

Brutal Attack

Duval, the guard, was slain when the negro first entered the house, police believed. His head was hammered in, an ice pick then jammed into his chest and finally his throat was cut. The negro apparently then made for the room of the girl.

"I was awakened early in the morning by a noise and then Shepherd entered my room," she said. "I screamed, but he grabbed me with his bloody hands and dragged me in my nightclothes from the house."

In other rooms of the house were three other children and the mother, who, because she is deaf, heard none of the commotion. The children slept through without awakening, police said.

Girl Beaten

The convict dragged the girl into nearby woods and forced her to put on shoes and an overcoat. Miss Duvall said she was beaten and assaulted several times by her captor.

All yesterday posses were evaded and last night she was left at the hut of negroes near the farm where she was found early today and brough to the home of N. R. Parker a guard.

Doctors who were called found her bruised and vacant-eyed.

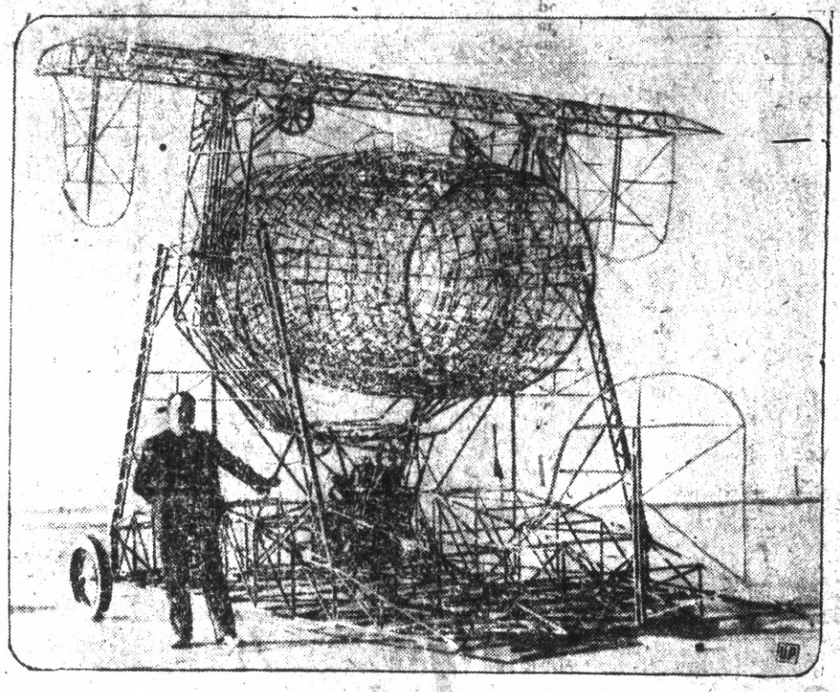

For several years Shepherd had been a handy man about the Duvall house. He was serving a 20 year sentence for manslaughter and had been considered a model prisoner until recently.

Vare Probe To Reopen Jan. 4

WASHINGTON, Dec. 29.—UP—The two-year-old clash between Senator James Reed, Democrat, Missouri, and Senator-elect William S. Vare, Republican, Pennsylvania, will be resumed next week despite inability of the Pennsylvania politician to participate in person.

Reed announced upon his return this afternoon from Missouri that he would call his special campaign investigating committee into session on Jan. 4 to proceed with consideration of the Vare case in accordance with a notice mailed to Vare's attorneys last week.

World's Queerest Airplane

PAUL MAIWURM, inventor of San Diego with his "Flyworm" which he says is about ready to fly—and stranger things have happened. The craft according to Maiwurm is designed after the humming bird. The cylinder, equipped with "fins" will be revolved by an 80 horsepower motor.

Baby Of English Princess Takes Care Of 'Zoo'

LONDON, Dec. 29.—UP—The only royal keeper of a "zoo" in London is busily adding East African specimens to her collection. Princess Elizabeth "Tillabet" the baby daughter of the Duke and Duchess of York, is stocking her toy zoo with denizens of the jungle while her royal uncles, the Prince of Wales and the Duke of Gloucester, are on their African shooting trip. If "Uncle David" kills a lion, Tillabet must have a toy lion to commemorate the event.

It is understood that the zoo has increased much more rapidly than the East African game in the royal bag. As Tillabet is not in the least worried with the natural habitat of the specimens, a number of weird denizens of supposed mysterious lands have been added to the collection. The Princess feels sure that her uncles have shot any number of wonderful animals, and never tires of hearing of their adventures.

El Cerrito Fire Department Holds Social Evening

Open house was held by the El Cerrito Volunteer Fire Department last night in the El Cerrito fire hall.

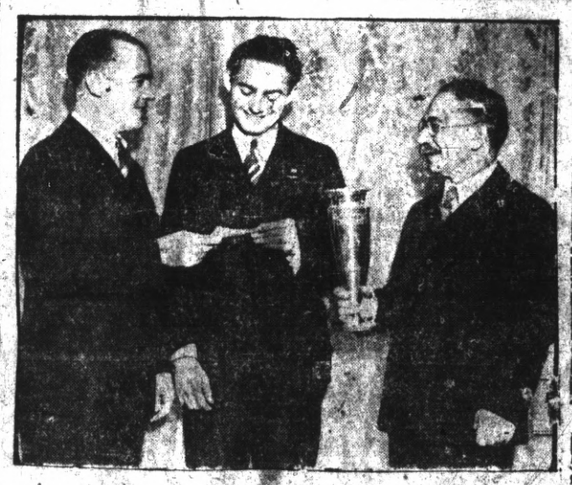

Whist and dancing were enjoyed during the evening and refreshments were served.

The committee in charge of the event was headed by Fire Chief Arthur H. Byrd.

Muffler Cutout Law Effective After Jnauary 1

Motorists are warned by the California State Automobile association that after January 1, next, it will be illegal to drive a car equipped with a muffler cutout capable of being operated by the driver.

This mandate was included in the Motor Vehicle Act of 1927 and two years were allowed to permit car owners to take their cutouts off. Those may be disconnected or sealed so they cannot be used and still conform with the law.

Walking Honors To French Girls

PARIS, Dec. 29—UP—French girls are the world's most graceful walkers, according to the judgment of the audience at a Paris theater where an international contest has been staged. American, British, German and other show girls entered were not placed. M. Mario, promoter of the contest declared the secret of the French girl's walk was that she doesn't walk she glides.

AUTO DEATHS IN OAKLAND ON DECREASE

Oakland finishes the year of 1928 with a reduction during the last six months of 12 automobile deaths over the last six months of the previous year, according to announcement by the Eastbay Safety Council, one of the agencies of the Community Chest.

An outstanding achievement of the year according to Lee H. Newbert, the retiring president, was the intensive organization of the Oakland Junior Traffic Reserve in fourteen public and parochial schools throughout the city. In organizing the traffic reserve whereby school children, both boys and girls, form themselves into a unit for the protection of their fellows at school intersections, Oakland is following the best thought of the day among the leading Eastern cities, it was pointed out. A reduction in deaths among children of school age during the year 1928 is largely attributed to the organization of the Junior Traffic Reserve. There were 5 fewer deaths among children this year than last, Newbert pointed out.

Schools Form Squads

Schools in which the Traffic Police has been organized are the Claremont Junior High, Fetch High, Lockwood, Maxwell Park, Woodrow Wilson, Hamilton, Golden Gate, Emerson, Oakland, Washington, Lakeview, St. Elizabeth's St. Augustine's, and Frances De Sales. Four hundred members of the Reserve now handle approximately 55,000 children daily, and there has been no accident to a child at a school crossing since the Traffic Reserve began to function last September.

The Reserve work is sponsored by the Eastbay Safety Council and the Oakland Police Department and the members of the unit are deputized by Chief of Police Donald L. Marshall to conduct their work at the crossings. Organization work for the police department and the Safety Council has been in charge of C. E. Brown, an officer of the Oakland Police department.

One of the outstanding aims of the year, 1929 will be the establishment of more and better safety zones throughout the city, according to the parting words of president Newbert as he relinquished the office to Arthur W. Moore, the incoming president. Newbert said that difficulty has been had in securing the necessary funds from the Oakland City Council to establish the safety buttons. He declared that he will carry on during the year 1929 assisting the other members of the Board in helping to secure funds for this purpose.

East Fourteenth Dangerous

East Fourteenth, according to statistics compiled by Miss Florence I. Anderson, executive secretary, is the most dangerous street in the city of Oakland for pedestrians. It is perhaps the longest business street in the world and first efforts will be made to establish a complete and satisfactory set of safety zones there.

There have been 8 deaths along East Fourteenth street, during the year 1928 and three in a single month. Victims were a man 75 years old, at East Fourteenth and Eighty-second; a man 66 years old at East Fourteenth and Thirty-seventh; a woman 79 years old at East Fourteenth and Twenty-third avenue; a man 36 years old at East 14th and 62nd avenue; a woman 63 years old at East Fourteenth and Sixty-second avenue; a man 22 years old at old at East Fourteenth and High street; a man 49 years old at Fourteenth and Ninety-sixth avenue and a woman 79 years old at East Fourteenth and Third avenue.

All Pedestrians

It was pointed out that in all of these cases the victim of these accidents were pedestrians seeking either to board street cars or to cross in the midst of heavy traffic. During the first six months of the year 142 persons were injured on East Fourteenth street. During the first six months of 1928 thirty seven persons were killed by automobiles in the city of Oakland as against 20 for the same period of the previous year. In the second 6 months of 1928 however there was a sharp falling off of deaths, resulting in a reduction of 12 so that Oakland ends the year with 61 deaths as opposed to 56 of last year, an increase of only 5. Letters of congratulation have been received from the National Safety Council, with which the local organization is affiliated, thanking them for the effort put forth and calling attention to the fact that Oakland's record is an outstanding one among the cities of the country in a year when automobile deaths were tremendpusly on the increase everywhere.

Arthur Moore, the incoming president, pledged himself to continuance of the intensive program of the Eastbay Safety Council designed to prevent accidents and save lives.

"I have long watched the work of the Eastbay Safety Council with interest," said Moore. "It is a pleasure to be associated with it and to assist in directing humanitarian work of this nature which we know is bound to be of the utmost value to the community."

Autumn, May, Wed

ARTHUR CHASE NEEDLES, 61, president of the Norfolk and Western railroad, and his bride, the former Edith Hortense Clarke, 26, leaving St. Bartholomew's church in New York after wedding ceremony.

WIFE MASTER OF CAVEMAN HOME

NEW YORK, Dec. 21.—UP—The cave man myth has been exploded.

He has only a secondary position in his own home, a visitor to the home of the Pueblo Indian cave men, in Santa Clara, N. M. found. And the spouse rules the home as well as his worldly goods.

Seeking out the homes of the original cave men of the United States, far away from the cities where now and then a so called "cave man" makes his appearance much to the awe of a large following, Andrew S. Wing visited one of the twenty Pueblo villages remaining in Arizona and New Mexico, delved into their family customs and their history. He found them still loyal to the Catholic faith, maintaining a family life exceptionally free from friction and rearing children who are obedient, and of the best behavior.

"The Pueblo woman is the absolute master of her home," Wing asserts in Farm and Fireside. "There is no individual land ownership but each man is allotted a piece of land which he can cultivate as long as he works at it industriously. When the crops are harvested and stored in the house they become the property of the wife. Most Pueblo marriages are successful and their family life is congenial. All observers comment on the obedience and good behavior of the Pueblo children."

In one great communal cliff house explored by the writer, 1,600 rooms were discovered.

League To Hold Old Timer Night

The Senior Epworth league of the Wesley church will hold an "Old Timers" service tonight at 6:30 o'clock in the church parlors. All persons who have been members of the League at some time, are to be guests of honor. A musical program has been arranged.

Made by Lambert Pharmacal Co. Saint Louis, U. S. A.

Ads For Movie Shows Candid

MANILLA, Dec. 29—UP—Candor in advertising has hit the Philippines.

One of the leading motion picture houses has purchased newspaper advertising space to proclaim that it is "delapidated looking," that its chairs are "not upholstered nor highly polished," that "the interior ornamentation strikes you in the face in our emporium would scare the feathers from a flock of crows in a cornfield," and that "our lobby looks like the entrance of a provincal cockpit after a typhoon."

To offset these discouraging factors, it is aded that the pictures are splendid, the projection is surpassed nowhere and that the music can't be beaten.

Janice Curry Awarded Degree

Miss Janice Curry, teacher in the San Pablo school, received a degree of master of arts from the San Francisco state Teachers college Dec. 21. She majored in science and English literature.

'BOYISH BOB' BANNED BY BARBERS

PARIS, Dec. 21—UP—"Figaros" of France which is the artistic designation given to the Association of French Barbers, have met in solemn conclave in the Fench capital and officially voted down the Eton crop, the boyish bob, and all forms of flat, hard, sleek and shiny hair adopted by women along with the innovation of small tight hats.

After looking critically at some 30 model coiffures while a symphony orchestra played back of the palms, the barbers unanimously declared themselves in favor of the regime of the "flou" which means "the light and the soft" which in turn means that ladies must henceforth wear waves undulations, curls or frizzes, but absolutely no flat hair will be considered. The shell like ear must preferably be set in soft and down curls. Rene Chaumiet, director of the School of Coiffure, was warmly applauded when he announced that the Flou must be woman's crowning glory and that woman must "resume her natural and veritable appedrance."

Wesley Church To Hear New Year's Sermon Today

"The Two Doors" will be the subject of the annual New Year's sermon to be delivered by Rev. Charles G. Lindermann, pastor of the Wesley Methodist church tonight at the evening services.

By request the choir will repeat part of the Christmas cantata "The Dawn of Christmas."

Honor post Veterans of Foreign Wars, held a get-together smoker last night in Memorial hall. Geo. Ford, commander, headed the committee in charge of arrangements.
